BOARD MOTION OF MAY 24, 2011, AGENDA ITEM 13
LOS ANGELES COUNTY WATERWORKS DISTRICT NO. 29, MALIBU
WATER SYSTEM MASTER PLAN UPDATE NO. 6

On May 24, 2011, your Board instructed the Department of Public Works to (1) prepare a Water System Master Plan (Master Plan) for the Los Angeles County Waterworks District No. 29, Malibu (District), to provide a comprehensive long-range capital improvement plan (CIP); (2) identify funding mechanisms to implement the CIP; (3) actively seek partnerships with the City of Malibu and other stakeholders in this endeavor; and (4) report back to your Board every 60 days following the June 14, 2011, initial report regarding the progress of the Master Plan.

We have recently completed the development of the hydraulic computer model and a preliminary list of water system deficiencies based on analysis using multiple scenarios in the model. On May 9, 2012, we presented these findings to the Master Plan Task Force committee members at a meeting held at the City of Malibu office. The information presented was well received by the committee members, and we received several helpful comments that we will address. The next step is to prepare cost estimates for all the CIP projects to address hydraulic deficiencies, operational inefficiencies, and deteriorated water system infrastructure, which will be presented at the next meeting set for June 27, 2012.

If you have any questions, please contact me or your staff may contact Adam Ariki at (626) 300-3300 or aariki@dpw.lacounty.gov.

9:30 AM

- 13.** Recommendation as submitted by Supervisor Yaroslavsky: Instruct the Director of Public Works to take the following actions relating to the evaluation of the City of Malibu's water needs; and instruct the Fire Chief and his designees to work with the City of Malibu to ensure that the City Manager and his staff are fully aware of the Fire Code's requirements so that they can work together to protect public safety and do everything appropriate to assist land owners in assessing the infrastructure requirements for a proposed development as early in the review process as possible:

Prepare a Water System Master Plan for all of District 29 (Malibu) to provide a comprehensive long-range capital improvement plan that will meet the existing and future domestic and fire protection water demands of the District;

Identify funding mechanisms to allow the recommended improvements identified in the Master Plan to be realized;

Actively seek a partnership with the City of Malibu and other appropriate stakeholders in this endeavor;

Within 21 days, report back to the Board of Supervisors and the City of Malibu with an estimated timeframe for the completion of the aforementioned tasks; and

Report back to the Board of Supervisors every 60 days thereafter regarding their progress in completing the Master Plan and other related tasks. (11-2409)

On motion of Supervisor Yaroslavsky, seconded by Supervisor Antonovich, this item was approved.

Ayes: 5 - Supervisor Molina, Supervisor Ridley-Thomas,
